PROFILE SUMMARY

- Full Stack Developer with **10 years of experience** building scalable enterprise web applications across banking, healthcare, CRM, ERP, and public utility domains.
- Currently serving as **Assistant Consultant (Grade C3A) at Tata Consultancy Services, Bahrain**, deployed on-site at **Investcorp Bank** — continuing 3+ years of uninterrupted digital transformation delivery.
- Microsoft .NET & Azure Expert:** Deep proficiency in ASP.NET Core, Web API, MVC, C#, Entity Framework, and Azure Web App deployment. Microsoft Certified Azure Developer Associate (AZ-204).
- Frontend:** Primary expertise in Angular and TypeScript; secondary experience with React.js (MERN stack), JavaScript, HTML5, CSS3, and Bootstrap.
- Data Science & AI:** Certified by the Boston Institute of Analytics (2026). Hands-on experience applying ML algorithms including regression, classification, clustering, and decision trees for data analysis and predictive modelling using Python. Experienced with AI tools — OpenAI, Gemini, Claude ecosystem, Langflow, and Streamlit for building intelligent applications.
- Power BI:** Extensive experience designing, developing, and deploying Power BI dashboards for business intelligence and executive-level reporting.
- MERN Stack (Secondary):** Delivered multiple projects using MongoDB, Express.js, React.js, and Node.js.
- International Engagement:** 8+ years of direct client interaction with global stakeholders from the **Middle East, Philippines, Sweden, USA, and UK**.

KEY STRENGTHS

Enterprise .NET Development

ASP.NET Core · Web API · MVC · C# · Entity Framework — production systems for banking & finance

AI Integration & LLM Tooling

OpenAI · Gemini · Claude Ecosystem · Langflow workflows · Vibe Coding · Python & Streamlit

Onsite Client Leadership

3+ yrs at Investcorp Bank Bahrain · MDC Philippines · 8+ yrs global stakeholder engagement

Azure Cloud & Deployment

AZ-204 certified · Azure Web App deployment · App Services · cloud-hosted enterprise portals

Power BI Dashboards

End-to-end BI dashboard design, development, and deployment for executive reporting

MERN Stack (Secondary)

React.js · Node.js · Express.js · MongoDB — full JS stack delivery across multiple projects
